MEMBERSHIP APPLICATION

This booster club was founded in 2004 as a non-profit corporation to promote and support student's interest in pursuing a career in science or technology through the robotics program in the West Islip schools. This includes the high school team competing in the FIRST Robotics Competition and the middle schools competing in the FIRST Lego League competitions.

The annual membership fee of \$5 (Team 871 students are exempt) will be used to offset general operating expenses.
